RE: Request for a Waiver of 471 Window Filing  
Form 471 Application Number: 821422  
BEN: 123471

Organization Contact:

We hereby request a waiver of the March 24<sup>th</sup> Form 471 Window Filing Requirement contending that the Central Regional School district (the District) did not attempt to defraud, circumvent the program and was acting within their interpretation of the policies and regulations placed on the district. We also would like a waiver on the timeframe for appeals and would appreciate that the associated correspondence beginning on November 11, 2011 as the initial date of the formal request for waiver and subsequent contact<sup>1</sup>s (as noted below) be filed as updates.

The following details should show that special circumstances occurred that allow for the approval of a waiver request. The original appeal was filed with USAC on August 18<sup>th</sup> and after a regulatory denial based on FCC policy we submitted the original appeal on November 11. As part of the submission the Form 470 was completed and filed on Feb 2 2011 which provided that 28 days must pass before a form 471 could be completed so that fair and open bidding could occur. This would mean that the earliest date would be March 14<sup>th</sup> and would not allow any voting by the Board of Education. Additionally there was confusion as to the start of the 28 day period with the time starting with the submission of the form 470 or with the receipt of the letter dated March 10<sup>th</sup> 2011. The submission of the form 471 was completed in a timely fashion once a complete understanding of board policy and regulations was obtained. This submission of the Form 471 was within 14 days of the windows being filed on April 11, 2011 and completed once we determined that as we were not adjusting our current vendor list it would not be necessary to have our Board formally approve the submission.

We felt that we had correctly began and 'submitted' without certifying our Form 471 and would be provided the 14 day grace period for corrections and be allowed to submit our Item 21 attachments for which we had been waiting for the appropriate quotes after the 28 day period posting period. We contacted USAC during the week previous to the window filing deadline who also confirmed that submissions of the Form 471 without the appropriate certification due to the Item 21 Attachment certification requirement would be given the 14 day grace period to submit the attachments and certifications.

We ask that the FCC waive its requirements for filing window and allow our application for ERate funding for the 2011-2012 year be approved as we believe that we have shown special circumstances as just cause for our delayed submission. We have included the appropriate correspondence as part of the full disclosure. Any additional information can be obtained by contacting our primary Point of Contact.

Thank You

We are appealing the decision for non-priority funding due to the "postmarked outside of window" on the grounds that in our communication with our previous ERATE vendor we thought they were handling this submission. Once we determined that this specific application was for the 2011-2012 fiscal year and was not related to our other 486 Application we submitted the application. We also believed that the window was the opening data for the 471 submittal in the same way that the 486 deadline was issued.

The Appellant Name: Kevin O'Shea  
Applicant Name: Central Regional School District  
BEN: 123471  
Application Number: 821422  
Funding Year 2011 Form 471 Postmarked Outside of Window Letter  
Appeal the decision: "Non Funding of Service Commitment Letter"

We would like to recognize that the submission was out of the window however we did not understand that this deadline would not allow funding of our submission which is different than the 486 application.

Sincerely,

Kevin O'Shea

The Universal Service Administrative Company (USAC) received your request for a waiver of the Application Filing Deadline for Funding Year 2011 of the Schools and Libraries Universal Service Support Mechanism.

Federal Communications Commission (FCC) rules do not permit USAC to consider requests for waivers. If you believe there is a basis for further examination of your request, you may file a waiver request with the FCC. You should refer to CC Docket No. 02-6 on the first page of your waiver request to the FCC. If you are submitting your waiver request via United States Postal Service, send to: FCC, Office of the Secretary, 445 12th Street SW, Washington, DC 20554. Request for Waiver of Window Deadline Organizational Contact Kevin O'Shea 509 Forest Hills Parkway Bayvill, NJ 08721 732-269-1100 x207 Fax 732-269-7723 BEN: 123471 We are requesting a waiver of the filing deadline for the 2011 Form 471. In filing our 471 after the deadline we were told by USAC to submit the form however without the Attachment 21 as these were not completed. Once we realized that we had to include the attachments we waited until these were complete and opened a new form 471 after the window and submitted the documentation. We have a 471 which was started within the allotted time however we felt that in the event of a mistake we would be able to go back and complete the form of which only 4 boxes were completed. We also contend that in transferring consulting companies we misinterpreted our records and filing deadlines and believed that the former company was handling this form 471 as part of their last duties. This was our misinterpretation and administrative error. We ask that a waiver of window be allowed as this will have a negative impact on services offered to the school district.
